Rajskup Ranch (Chris and Melissa Rajskup)

Thank you for coming to our first event as San Joaquin Pygmy Goat Association. The San Joaquin Pygmy Goat Association was founded as a nonprofit organization on November 13, 2019. The founders aspire to promote the pygmy goat breed and to educate the public and members of the community about the care, treatment, and husbandry of pygmy goats in the San Joaquin Valley and surrounding areas on a daily basis. As an NPGA affiliated club we strive to educate, encourage, and build empathy so that we may continue to support our county's youth as well as adults.

Many members of the San Joaquin Pygmy Goat Association have grown up in the agricultural community, raising, and working with pygmy goats along with other livestock since childhood, they want to give back by bringing the values and goals they learned to our younger generations.

Caring for pygmies teaches children responsibility and empathy as well as the real-life experiences that allow our youth to reap the benefits of hard work and dedication . Our club is excited to work concurrently with other clubs in our community to not only create more experiences and involvement for our youth, moreover, to inspire our youth to become involved across our valley!

If you have questions regarding our nonprofit, please email us at sjgapygmy@gmail.com or visit our website at <https://sanjoaquinpygmygoatassociation.com>
